Mary Joan Foundation preparando pa nan Run and Walk pa recauda 75.000 florin

For di 5or y mei di atardi dia-domingo 30 di october ta bay tuma luga e Run and Walk di Mary Joan Foundation na Eagle Beach cu e obhetivo di recauda fondonan pa e fundacion unda cu e aña aki nan tin e meta di 75.000 florin.

Asina a informa Arabella Colina ken ta presidente di e fundacion durante un conferencia di prensa e cual a informa cu inscripcionnan pa Walk and Run ta habri mediante nan website www.maryjoanaruba.com, esey lo cuminsa for di 5.30 di atardi y tambe el a pidi pa comunidad por contribui cu otro fundraising cu ta bin tuman-do luga for di luna di september pa por recauda e suma menciona caba.

Manera ta conoci, cancer di pecho ta un di e prome tipo di cancer mas grandi na unda cu na Aruba e cantidad di pashent ta sigui crece, di esaki, Colina a señala cu despues di pandemia un di e servicionan cu mas nan ta duna ta e parti di psicologia unda nan clientenan y nan famia ta acerca nan pa por bay un psicologo.

Cancer di pecho tambe ta conoce casonan di edadnan hoben unda cu e parti di 45 aña bay ariba ta e grupo di mas grandi “pero nos no mester lubida e edad di e personanan cu tin cancer di pecho den edadnan di 18,26, 32 aña, entre otro”.

Igualmente Colina a informa cu prome cu pandemia Covid-19 e fundacion a cuminsa cu un proyecto pa bishita scolnan secundario cu tabata yama ‘Responsabilidad’ unda cu esey nan kier purba conscientisa for di un edad mas hoben e importancia di controla pecho.

Pecho ta consisti di dos parti, e parti

cu e persona por wak’e y si ta cuminsa controla for di edad mas hoben por detecta si por tin un diferencia entre un pecho cu otro, e otro parti ta e ‘fula bo pecho’ na unda cu ora un pecho ta wordo desaroya y tin algo straño den dje, por yaga mas facil cerca un dokter di cas pa por sigui e procesonan, “mas trempa nos ta cuminsa cu esey, e chens ta mas grandi tambe cu tur cos lo ta miho” Colina a menciona.

Ta hopi importante pa menciona cu cancer di pecho no ta un tabu, manera Colina a expresa, e fundacion kier pa comunidad ta habri pa papia di e topico aki, pa mayornan papia cu nan yiu y splica nan e importancia di controla nan mes, “luna di october ta e luna di conscientisacion riba cancer di pecho pero conscientisacion ta tur dia y na tur momento nos tin cu corda riba esey, como mayornan laga nos cuminsa laga nos ta vorveeld pa nos yiunan, tanto hende homber como hende muhe pa tuma responsabilidad den bo mas pa salud di bo pecho”, el a sigura.

Pa loko ta trata e conscientisacion pa un comunidad cu manera a wordo menciona pa varios biaha, Aruba no ta un comunidad mucho saludabel, cu tin hopi pashentnan cu diabetes, hipertension y sobrepeso, Colina a comenta cu nan a cuminsa cu un podcast conhuntamente cu cuater fundacion cu e tin e obhetivo di conscientisa riba e parti di cancer “nos ta bezig cune, e ta di un aña largo unda mi ta invita comunidad pa sigui e podcast tambe unda ta haya hopi informacion”.

Pa cu esaki, el a enfatisa cu movecion ta importante, igualmente cu alimentacion y limite pa cierto cosnan como

por ehemplo, alcohol.

Igualmente e fundacion a sigui keda dunando nan charla tocante e tema aki na esun cu ta pidi pe’ “riba Facebook nos tin diferente post y hende por yama nos si nan ta desea di un charla cu otro fundacionnan cu tambe ta duna informacion di cancer den general y tambe mi ta kere cu ta importante pa companianan por acerca na e fundacion, a nos ta haci di nos parti, pero tambe ta keda na otro di haci di nan parti” Colina a anuncia.

Na luna di september ultimo nan tabatin un charla cu otro fundacionnan segun el a señala pa comunidad haya e oportunidad di bay scucha “e ta keda na cada un nos responsabilidad, con nos kier pa informa tocante cancer”, el a bisa.

Colina a finalisa cu nan a haya registro di dos persona hende homber cu cancer di pecho unda cu lamentablemente nan dos a fayece pero nan casonan no ta bin dilanti asina hopi pero e t’ey, “hende homber y hende muhe mester tene na cuenta cu historia medico di nan mayornan pasobra e por ta hereditario tambe”.

Importante pa informa ta cu cancer di pecho ta un di e prome causa di morto na nivel mundial y ta representa e 16% di tur e cancer femenino, e fundacion aki a wordo crea na aña 2007 den memoria di Mary Joan Geerman.

Segun Organizacion Mundial di Salud, pa cada aña ta produci 1.38 miyon di caso nobo y 458.000 morto pa via di cancer di pecho, na paisnan cu entrada hopi abou y medio, pero e mayoria di fayecido pa e causa aki ta registra na paisnan mas desaroya.

Ex-Presidente di Parlamento, Booshi Wever ta conclui cu

Lista di palabracion di IPKO ta ilustra cu delegacion di Aruba tabata fragmenta

Dificil pa kere cu ta bay sali algo concreto di e ultimo reunion di IPKO, en particular pa Aruba si e delegacion no a presenta un mensahe cla di parti henter Parlamento. “E lista di palabracion di IPKO ta ilustra cu esey no tabata e caso y como tal, no por spera nada concreto di e reunion.”

Asina ex-Presidente di Parlamento, drs. Candelario ‘Booshi’ Wever a bisa Bon Dia Aruba. E observacion di Wever, kende tin experiencia cu reunionnan interparlamentario di paisnan den Reino ta bin a base di e critica di oposicion cu hefe di delegacion di Aruba, drs. Shailiny Tromp Lee no a involucra representantenan di oposicion den e presentacion di Aruba.

“Reunionnan di IPKO tin hopi balor pa Aruba, si tin un solo punto di bista. Den pasado nos delegacion (Aruba) tabata bay cu un solo punto di bista. Por tin diferencia di opinion na Aruba, pero ora cu bay afo ta cu un mensahe. Hopi biaha tabata bay cu un nota unda tur hende (di e delegacion) ta para su tras. Kizas por tabatin un opinion diferente, pero esey ta keda ilustra, sinembargo e mensahe ta basa riba un solo punto di bista. Mi ta kere esey ta esencial. Si ta bay IPKO di forma fragmenta no ta logra nada y mas bien ta bay pa haci politikeria.”

Segun drs. Wever, e resumen di e reunion di IPKO di siman pasa ta ilustra claramente cu e delegacion di Aruba en todo caso no a bay prepara pa presenta un solo pensamiento. “Si bay como un ‘front’ sigur ta haya miho resultado. Ora cu e participacion ta fragmenta, ta haya un lista di palabracion asina (sin accion concreto),” Wever a sigui bisa. “Motibo ta cu ningun hende kier kima nan dede. Tur ta hunga amigo cu otro cu como resultado un lista di palabracion cu no ta bisa nada.”

Lider di fraccion di MAS y miembro di e delegacion di Aruba, drs. Marisol Lopez Tromp a bisa cu e mes a denuncia e hecho cu hefe di delegacion no a envolvi representantenan di oposicion di Aruba den preparacion

di e presentacion di Aruba. “Esaki nunca a yega di sosode prome. E tabata muestra comosifuera e diferencianan politico den Parlamento ta sigui hasta ora mester ta hunto pa interes di Aruba den exterior,” Lopez Tromp a bisa. Bon Dia Aruba a tuma contacto cu drs. Tromp Lee, kende te cu ciere di nos edicion no a logra contesta nos preguntanan.

Resumen actividad

E delegacionnan na Hulanda a haya presentacion di miembronan di Raad van State riba conseho riba Reino, tratadonan y Derecho di Union. Asina a splica kico Statuut ta bisa di tratadonan y con e ta den practica. E miembronan dr. N. Schrijver y P. Comenencia a splica kico ta tratado, con nan ta yega nan nan y con nan mester ehecuta, especificamente dia e bida diario di e paisnan Hulandes den Ca-

ribe. A duna 10 recomendacion cu ta toca e capacidad di paisnan pa trata y implementa e tratadonan, haci e participacion na e tratadonan mas cla y cauto, e garantianan cu mester brinda y e posicion special di derecho y tratadonan di Union Europeo den relacion cu e paisnan Hulandesnan den Caribe y Caribe Hulandes.

Leynan di consenso di Reino

E cuater delegacionnan a debati riba e leyman di consenso di Reino, basa riba e seis punto di atencion formula durante IPKO St. Maarten di Mei ultimo. E puntonan di atencion tabata entre otro e eschencia liber di e paisnan pa yega na areglonan interno y e forma pa tal, ya cu e ta trata en principio e responsabilidad di cada pais. E deliberacionnan den e diferente gruponan durante e ultimo reunion a trata

entre otro e experiencianan recien riba e creacion y formulacion di e proposicion di ley di consenso di Reino riba COHO, esta e organo Caribense pa reforma y desaroyo. Den tur cuater grupo di trabou, tambe los di COHO, a discuti riba e pregunta ki ora por papia di consenso y vice versa, ki ora no tin consenso. Ademá, ken mester ta envolvi den cua fase.

A saca tres conclusion, esta cu Gobiernonan di e paisnan den Caribe mester busca pa sa si tin sosten pa un ley di conseho di Reino cerca nan Parlamentonan prome cu cuminsa e proceso, y Parlamentarionan Hulandes lo mester keda informa coleganan activamente di e proceso legislativo; mester bin un descripcion mas preciso y completo con ta yega na e ley di consenso di Reino, unda ta ilustra e papel y re-

sponsabilidad di tur envolvi; y finalmente mester bin negociacion habri y honesto, unda transparencia, dialogo y continuidad den informacion ta keda importante pa e proceso.

Tambe a intercambia pensamiento riba e deficit democratico den Reino, basa riba un estudio di Profesor dr. Gert Oostindie y dr. W.P. Veenendaal, titula ‘Ongekmak.’ A presenta e problemanan den e relacion y cua ta e opcionnan pa mehoracion. E pregunta cu awor ta central ta si mester busca e solucionnan den adaptacion di Statuut, of si e estructura actual ta brinda suficiente espacio pa mehoracion. E cuater paisnan pa papia riba alternativa manera e modelo Danes, derecho di eleccion directo pa Parlamento Hulandes of un Parlamento di Reino separa. A papia di e pro y contra di e proposicionnan aki, unda mester tene cuenta cu estructura estatal y factornan geografico, retonan specifico y poblacion. A urgi Gobiernonan pa traha na solucion a e deficit democratico.

Colonialismo y esclavitud

Pa prome biaha a discuti e tema di colonialismo y historia di esclavitud durante IPKO, cu a inclui presentacionnan con Rijksmuseum na Amsterdam y e programa di Rotterdam riba historia Colonial y di Esclavitud ta anda cu e tema. Coordinador di gruponan di dialogo G. Bacilio di Corsou di su banda a muestra con e pasado colonial y di esclavitud ta keda bibo y bisto den pobreza, falta di conocimiento, desigualdad, falta di perspectiva y enseñansa deficient. Bacilio a bisa e Parlamentarionan cu awor ta keda na Hulanda pa pone e siguiente paso y cu tin necesidad pa reconoce, pidi excusa, saneamento y restauracion, cu no por ta separa di otro.

E lista di palabracion di IPKO tabata firma pa Presidentenan di Parlamentonan y tambe hefenan di delegacionnan. E resumen, publica riba e pagina digital di Tweede Kamer no ta inclui e sugerencia di hefe di delegacion di Aruba, drs. Tromp Lee, pa haya dispensacion di e debe di Aruba cu Hulanda.

BON DIA ARUBA ta un corant
redacta y imprimi na Aruba y ta
obenibel di dialuna te cu diasabra.
Ningun contenido por wordo reproduci
sin permiso di editor.

4 di october: Dia special dedica na nos bestianan *Y specialmente pa Bromie*

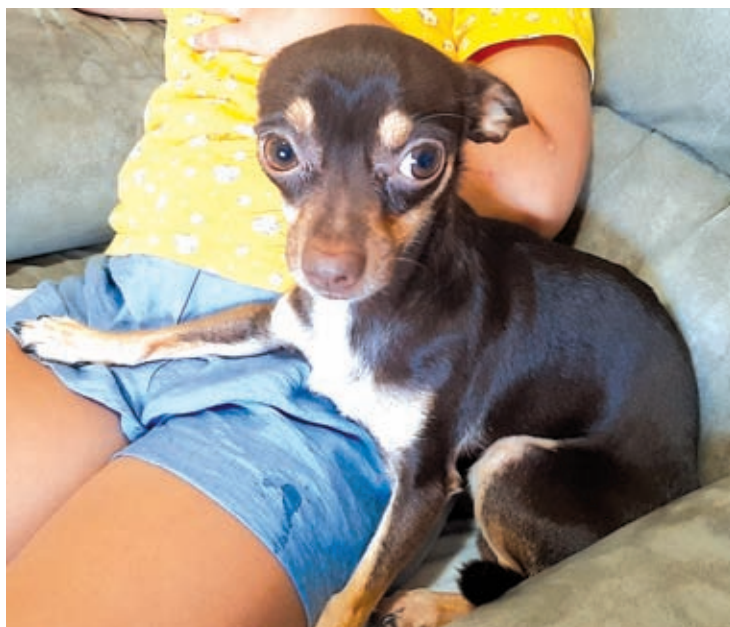

Esaki ta un fecha cu ta promovi for di 4 di october di 1929 pa Organizacion Mundial di Proteccion Animal cu e obhetivo di stop e extincion di hopi especie cu ta existi rond di mundo. Igualmente redactor di Bon Dia Aruba kier a dedica e articulo aki na e compañero masha lief y alabes esun di mas jaloers na cas, Bromie.

E dia aki a wordo eligi especificamente pa coincide cu e santo di e bestianan cu ta San Francisco di Asis, ken den su bida a considera cu tur ser cu ta habita mundo ta criaturan di Dios.

Na aña 1980, Papa Juan Pablo 2 a declara San Francisco di Asis patrono di bestianan, un accion cu a bira e celebracion aki mas popular, pa motibo cu pa cada aña, miyones di catolico ta uni cu nan bestia den misanan pa nan ricibi e "Bendicion di Mascotanan".

E declaracion Universal di Derechonan di Bestianan a wordo proclama dia 15 di october di 1978 y a wordo aproba pa Nacionnan Uni, e declaracion aki ta establece cu tur bestia tin derechonan y ta señala cu e no conocimiento di e derechonan aki a conduci y ta sigui conduci na e homber pa comete crimen contra naturalesa y contra bestianan.

E intencion di celebra e Dia Mundial di Bestianan ta pa recorda nos cu aunke nos ta e especie cu mas evolucion, esey no ta kita e derechonan y proteccion na tur e otro bes-

tianan di e planeta. Pasobra tur hende ta forma parti di un cadena conoci como e ciclo di bida y destruccion di cualkier especie ta genera dañonan grandi den naturalesa.

Aunke ayera tabata 4 di october, ainda tin chens di celebra e dia aki unda ta respeta tur e sernan bibo cu ta biba cu nos den mundo aki, tambe realizando of participando den actividadnan educativo pa promove e generacionnan mas hoben e interes sano pa e bestianan.

Tambe, por comparti diferente mensahenan pa sensibilisa y conscientisa e otro usuario di internet tocante e sernan cu lana of cu halanan, cu ta biba rond di nos pero cu nan no ta conta cu un dispositivo manera nos, pa lanta nan voz na fabor di nan derechonan.

Pero, tin tur sentido di celebra e dia aki cada aña, pa motibo cu 40% di tur especie di bestia rond di mundo ta core peliger di extincion, principalmente pa causanan humano. Tin un miyon especie den peliger di extincion.

Ademas, di iniciativa di Dia Mundial di Bestianan, tambe ta existi otro proyectonan orienta na e proteccion di bestianan, por ehemplo, na e momentonan aki, ta existi 3 Obhetivo di Desaroyonan Sostenibel di ONU cu ta enfoca riba proteccion di bestianan, especificamente obhetivo 13 cu ta trata di 'Accion pa e Clima', obhetivo 14 tocante 'Bida Submarino' y obhetivo 15 'Bida di Ecosistema Terestre'.

Cu esakinan, ONU ta propone conscientisa e diferente gobiernonan di mundo y e poblacion den general cu e obhetivo di haya un compro-

miso general pa cuida e especie y dana nan ecosistema pa nan por sigui biba.

Awor si, ban cu e parti mas espera, den e relato aki nos ta papia di un cacho masha lief pero alabes esun di mas jaloers cu por existi, "Bromie" e cual su nomber a bin for di un "Brownie" pa su color bruin, pero su doño di tres aña no por a pronuncia su nomber bon pa loke a bira "Bromie".

El a yega na nos cas na final di aña 2020, ora tabata un baby di dos luna cu tabata drumi den nos cama door cu "realmente tabata un baby" pero den transcurso di dianan, el a cuminsa haci un tiki mala mucha y a wordo manda na e sala cu tur su coy di hunga pa por adapta na su espacio nobo cu awor ta su cas.

Bromie ta un cacho di rasa Chihuahua cu ora e ta scucha un zonido straño e ta sali y bay busca kico e zonido ey ta, pero su balentia no ta dura hopi.

Tambe e ta gusta drumi hopi specialmente riba su doño ora tin e chens di haci'e, su doño cu awor tin cinco aña ta mucho pendiente di dje y ta pone su awa y su cuminda tur anochi pa e por keda tranquil.

Aunke e no ta un cacho cu ta sali mucho den caya door cu e ta custuma mas di biba paden, e ta gusta bay keiro cu tiki nervio y ta blaf si ta wak cu un hende ta acerca su doño sin permiso di dje, pasobra e ta un cacho hopi lief, hopi inkierto, pero tambe e ta e defensor di su doño.

Un premio cu ta wordo otorga pa prome biaha den historia

A.T.A. a ricibi e prome 'Destination Resilience Award' for di Caribbean Hotel & Tourism Association

Awe, Aruba Tourism Authority (A.T.A.) a ricibi e 'Destination Resilience Award' for di Caribbean Hotel and Tourism Association (CHTA), pa e trabaonan desplega durante e pandemia. Esaki ta prome biaha cu e premio aki ta wordo otorga.

E premio a wordo entrega durante un ceremonia di entrega di premio na San Juan, Puerto Rico como parti di e di 40 aniversario di CHTA su Caribbean Travel Marketplace. Jamaica, Antigua, Bahamas y St. Lucia tawata e otro islanan cu a competi den e mesun categoria cu Aruba.

A reconoce Aruba pa e maneho di e destino y e programanan di recuperacion cu a wordo implementa pa por a ricibi bishitantenan bek despues di cierre di frontera. Mackie Lu ta cay venci contra di e #3 clasifica Guevara di Peru

Despues di un tremendo partido mainta contra di Bolivia, e atleta di badminton Mackie Lu a topa un fuerte contrincante den e di dos buelta cu ta Guevara di Peru kende ta e number 3 clasifica den e torneo di Odesur Asuncion 2022. Mester bisa cu desde comienso te final, e hungado Guevara a demonstra un nivel superior di un hungado cu ta den un otro nivel cu e atleta Arubano cu ta un atleta den pleno desaroyo. Hungando bon poniendo presion trempan, Guevara no a hacie nada facil pa Mackie cu simplemente no por a drenta su wega. Algun error chikito acerca y kisas e falta di focus combina cu e nivel superior di Guevara a pone cu den ambos set a wordo gana convincente. Na final Guevara ta gana e wega cu e score nan 21 - 5 y 21 - 8.

All by all Mackie a hunga un bon eliminatorio individual, demostrando un bon nivel memey di e grandinan. Mirando su edad hoben, Mackie lo por representa Aruba varios ciclo mas y no tin duda cu e direccion aki e lo por bira un bon hungado y di nivel halto.

Twitter no tin cu kita tur publicacion di conspiracion

(NLTimes) - Twitter no mester rastrea y kita tur publicacion cu ta menciona e conspiracion Bodegraven, corte a declara diamars den procedencia sumario cu e municipali-

dad Hulandes a entrega contra e compania.

Segun e corte, no tin manera pa Twitter por cumpli cu Bodegraven su demanda, AD a reporta.

"Twitter a haci suficiente dentro di nan capacidad pa kita tur mensahe contra ley tocante e storia di Bodegraven. E ta pidi dimas pa existi cu mester kita e publicacionnan

mas bieu, specialmente pa motibo cu segun Twitter, no tin un manera cu por traha un bon filter. Tambe esaki lo afecta varios publicacion cu tabata legal," e corte a declara.

E teoria di conspiracion a bisa cu tin un red di persona den e municipalidad di Bodegraven cu tin tempo ta abusa sexualmente di hobennan desde aña 1980 como parti di un ritual. E acusacion aki sin base a genera popularidad durante e pandemia di coronavirus ora cu e personanan cu a plama e teoria a bisa cu director di RIVM Jaap van Dissel tabata parti di e "red elite" aki. E storia aki ta basa riba e "memorianan" di e teoristanan di conspiracion y ex residente di Bodegraven Joost Knevel.

Cuerpo policial y media extensamente a investiga e

acusacionnan pero no a haya ningun evidencia.

Bodegraven anteriormente a gana un demanda unda cu corte a ordena e personanan principal den e teoria aki, Joost Knevel, Micha KAT y Wouter Raatgever kita nan publicacion tocante e municipalidad. Restauracion di bon comun hopi inspirativo

Fundacion Digna Laclé Herera, Plataforma hobennan profesional y fraccion di AVP a organisa un simposio sumamente exitoso, cu a establece un pensamiento idealistico nobo cu lo forma e base pa e desaroyo di nos comunidad. Dilanti un auditorio yen di interesadonan y varios personahe nan clave den nos comunidad representando e sector social, sindical, comercial y e sector di enseñansa a lansa e tema “Restoration of the Common Good”. (“Bon Comun”) Un elenco di oradornan no-politico cu a wordo invita, for di diferente sector di nos comunidad y diferente angulo spiritual, cada uno a presenta un punto di bista y nan experiencia cu e concepto di “bon comun”. Esaki a percura pa un experiencia sumamente original y cu ta invita pa sa mas, pasobra cu e ta duna un criterio y un direccion diferente pa desaroyo di comunidad.

Den e apertura di e symposio e hoben estudiante Wendrick Cicilia, miembro di Plataforma Hobennan Profesional, a duna un bista di e concepto di “bon comun” y e necesidad pa recupera norma y balor nan importante manera civismo, solidaridad, empatia y amor pa prohimo. E concepto di “bon comun” no ta uno nobo, pero den un tempo di decadencia y desesperacion e ta un pensamiento cu ta duna speranza.

Pastor Calix Ashby den un refleccion eloquente a muestra con “bon comun” por sirbi como un compas moral den

nos bida y den nos trabou den comunidad, manera ela sirbi den pasado. Un bon compas ta guia Bo den tur situacion. Citanto varios texto biblico Pastor Calix Ashby a subraya e responsabilidad comun cu nos tin di cuida un pa otro, y duna contenido na e bon comun den nos relacion cu nos famia, amistad y bisña.

Docente constitucional di Universidad di Aruba, sr. Luciano Milliard a duna un disertacion sumamente interesante riba “Bon Comun y e derecho riba enseñansa”. Obviamente un area sumamente importante pa bida diario den nos comunidad. Enseñansa ta mas cu formacion intelectual, pero ta oportunidad pa un persona alcanza su deseonan di mas profundo. Enseñansa no obstante cu mester ta accesibel, e mester forma un comunidad y capacita un comunidad pa asina garantiza un desaroyo continuo y un futuro prometedor pa Aruba.

Un di e oradornan hoben tabata e estudiante di didos aña di Harvard University, Mimi Koenig. E a papia di “Common Good one act at a time. Moving young generation from an “I” to a “We” society”. Esaki ta un tema cu ta interesa hobennan en particular pa motibo di e aparente falta di interes di hobennan den asuntonan general di comunidad. E generacion nobo ta wordo kwalifica como e generacion indiferente pa locual ta pasa nan alrededor, y no ta realiza nan potencial pa contribui na un mehor comunidad. E concepto di E Bon Comun lo inspira e generacion nobo, pa participa activamente den e procesonan di cambio y mehoracion di

nos Pais.

E hoben empresario y Business Management Profesional na Aruba, Marlandi Gracia a splica con e ta aplica e pensamiento di “bon comun” den e empresa di su famia, mustrand cu por aplica esakinan den economia tambe. Economia mester produci fruta pa tur cu ta biba na Aruba. E mensahe importante cu a wordo comunica pa Marlandi Gracia ta cu e mundo empresarial mester realiza cu nan tin un responsabilidad social pa contribui na crea un mehor comunidad. E mentalidad di explota empleadonan simplemente pa genera mas ganashi no ta cuadro cu e concepto di BON COMUN, ta momento pa inverti den mehor ambiente y condicional laboral pa nos empleadonan,

E conocido domi Peter Hazenoot a elabora den forma bunita riba e “Bon Comun, Comunidad, Solidaridad y Responsabilidad”. Esaki a ilustra e responsabilidad cu nos tur tin pa loke ta pasa den nos comunidad.

Ex-Prome Minister di Aruba y lider di partido AVP, mr. Mike Eman a papia riba “Bon Comun, e Causa Comun y politica di Speransa”. Den un forma original ela ilustra cu ehempelnan concreto cu e pensamiento di “bon comun” no ta un utopia, algo bunita cu lo no ta alcansabel. E ehempel cu mas a atrae atencion ta di Etty Toppenberg cu a usa su talentonan musical y di canto pa entrete hende pa añanan largo sin busca fama of reconocimiento personal. E interes di comunidad ta loke a inspir’e. Locual a keda

resona den e mente y curason despues di e discurso di Ex-Prome Minister di Aruba y actual lider di partido AVP ta e echo cu nos tin e hendenan y e capacidad pa nos realiza e BON COMUN pa nos Pais. Mr. Mike Eman a reconoce mas persona den e sala cu a muestra di tin e Bon Comun na pecho, manera famia John Fung, e hoben entrepreneur Terrance Ras, e pareha Anthony Geerman, trahadornan incansabel pa bunitesa y limpieza di Aruba, Jerry Schwengle cu a companja Rolly Bislick riba su hazanja pa realiza un Piscina Olimpico pa Aruba, Josephin Albertus, sindicalista luchador cu curashi, a;ma y curpa,

Finalmente Pastor Jairo Maduro a muestra cu e “bon comun” ta en esencia e reconocimiento di “dignidad huma-

no”. E ta un forma di traha cu nos por aplica den tur ramo di trabou y bida y ta enrikese bida diario. Un relfesion spiritual a cautiva e atencion di creyente y no creyente presente den e auditorio.

E symposio a muestra cu tin forman di pensa y traha cu contrario na loke nos ta wak tur dia, ta duna speranza cu nos por biba, traha y crea un comunidad cu ta duna dignidad humano un luga central y cu ta tene cuenta cu tur hende enbez di privilegio pa algun so.

Fundacion Digna Laclé Herera ta contento cu e recepcion di e concepto “bon comun” y e exito di e symposio. E siguiente actividadnan riba e tema importante aki lo wordo anuncia pronto.

Photographer rides out Ian to capture the storm for others

(AP) - arsen has lived on Sanibel Island for 12 years and until last week had never experienced a major hurricane. The 76-year-old who moved from California decided to ride out Hurricane Ian in his condominium with little idea of the horror he was about to go through.

He filled his bathtub with water, stocked up on food and water, and made sure batteries were charged and his windows were rated to withstand 150 mph (240 kph) winds. He followed the forecast thinking the island would get strong wind and rain, and trees would fall, but areas to the north would take the hardest hit.

“I have to tell you, I felt fairly safe going into this, but when the glass blew out and started shattering inside ... I realized this was a problem,” said Larsen, who has since “re-treated to Orlando.”

There was another reason Larsen wanted to stay. He is the part owner and photographer for the local news website santivachronicle.com.

“I stayed behind to record the event and record the aftermath for publication without realizing exactly how bad this storm was going to be,” Larsen said in a Zoom interview. “I tried to photograph the storm as it was happening. The high winds, the rain, the surge from the Gulf. After the storm I tried to document what was left, what damage was done, and it was horrific.”

But with no internet or cell phone connectivity, he wasn't able to publish any material until several days later when he was safely evacuated.

Larsen has spent a career in television and continues to run a television distribution consulting company. His first television job was as a reporter and anchor at an Indianapolis station. One of his co-workers was weatherman David Letterman.

Larsen was attracted to Sanibel because of its old Florida charm and the community of residents who want to preserve it. The barrier island off Fort Myers has no buildings

taller than three stories, no chain restaurants or stores, no traffic lights and is home to locally owned shops. It's famous for the thousands of shells that wash up on the beaches and is a quaint, picturesque island for tourists.

He and his wife vacationed there a few years before deciding to move to the island of about 6,500 full-time residents. Sanibel attracts retirees — about 57% of the population is 65 years old or older — and while not an enclave for the mega-rich, the median value of owner-occupied homes tops \$700,000 and its per capita income is more than \$90,000, both well above state averages.

“At the moment, it looks

like nothing you would remember if you had ever visited Sanibel. It's devastated,” Larsen said.

While he, his wife and two dogs took shelter in an interior room during the storm, he ventured out the next morning with his camera hoping to get images for his news website, which covers community events, human interest stories and features on residents of Sanibel and nearby Captiva Island.

“It was like living in a war zone — just decimated property and condominiums, trees gone, I don't think there was a car that survived. It was pretty dramatic, much worse than I've ever experienced,” Larsen said.

After storms, NYC moving location of planned migrant shelter

(AP) — Giant tents for temporarily housing migrants arriving in New York City are being moved to an island off Manhattan from a remote corner of the Bronx, after storms raised concerns over flooding at the original site.

Mayor Eric Adams announced Monday that the city's humanitarian relief center will now be on Randall's Island, which sits in the waters between Manhattan, Queens and the Bronx. It's connected by five bridges to the three boroughs, and people can take buses or walk off the island to reach the city's subway system.

The center's tents had been put up in a parking lot at Orchard Beach, in the northeast part of the Bronx on Long Island Sound, where access to public transportation is limited. Images online showed water ponding at the site following rainfall over the weekend.

In a statement announcing the change, Adams said while the city could have made the original location work, mov-

ing the center "is the most efficient and effective path forward."

The city's plan for Orchard Beach had been met with concern by immigration advocates, who cited its inaccessibility among other reasons, and that concern extended to the new location.

"The city must look to other solutions instead of tent cities, where our clients will be isolated, vulnerable to extreme weather, and far from public transportation and other critical services," the Legal Aid Society and the Coalition for the Homeless said in a statement issued Tuesday.

Adams said the new site would open in around the same time as the original one, although he didn't specify when that would be, and would house 500 people.

In recent months, New York City has seen an unexpected increase in migrants seeking asylum in the United States, sent to the city from other states including Texas and Arizona.

The influx has put a strain on the city's shelter system, leading officials to look for places to house people and proposing the temporary tent facilities.

US to require more rest between shifts for flight attendants

(AP) — Airlines will be required to give flight attendants at least 10 hours off duty between shifts, one more hour than currently, under a rule announced Tuesday by the Federal Aviation Administration.

Acting FAA Administrator Billy Nolen said that the extra hour of rest would contribute to safety.

The rule goes into effect in 30 days, and airlines have up to 90 days to comply.

Congress directed the FAA in 2018 to increase the rest requirement for flight attendants and eliminate a provision that let crews work with less rest under some circumstances.

"It took us way too long, but we are finally here," Nolen said at a news conference at Reagan Washington National Airport, where he was flanked by more than a dozen flight attendants.

Current federal rules allow flight attendants to work up to 14 hours in a day and get nine hours of rest between shifts.

The Association of Flight Attendants has fought for years for a longer break between shifts. The union thought it had prevailed four years ago, when Congress voted by large margins to require more rest. The union's president, Sara Nelson, appeared with Nolen at the news conference and accused the Trump administration of attempting to kill the expansion through regulatory foot-dragging.

Union officials have pointed to a 2020-2021 increase in incidents involving unruly passengers as demonstrating the need to give cabin crews more rest between shifts. Airlines have reported fewer incidents since the federal requirement to wear face masks on flights ended in April.

"This is a small handful of

people making it hell for flight attendants on the front lines," Nelson said.

The FAA took public comments on the extra rest requirement in both 2019 and 2021 and received more than 1,000 comments from air-

lines, flight attendants and the public.

Airlines for America, a trade group representing the largest U.S. airlines, said safety is always the industry's top priority, and "having rested and alert flight attendants

who are prepared to carry out their responsibilities, including cabin safety and other duties, is critical to this goal." The group said it supports "scientifically validated and data-driven countermeasures to prevent fatigue."

3rd Iowa teen takes plea deal in killing near high school

(AP) — A third teenager charged with murder in the drive-by shooting death of a 15-year-old boy outside a Des Moines high school in March has agreed to plead guilty to lesser crimes.

The plea agreement accepted by a state court judge on Monday may allow Gumaro Marquez-Jacobo, 18, to avoid prison time for charges related to the March 7 death of 15-year-old Jose Lopez.

Marquez-Jacobo will plead guilty to being an accessory after the fact, providing a pistol to a person under 21, and being a person ineligible to carry a dangerous weapon. The charges together carry a penalty of up to four years in prison. But prosecutors agreed to recommend sus-

pended sentences and fines and two years of probation, court documents said.

Sentencing was set for May 30.

As part of the plea Marquez-Jacobo acknowledged he knew the March 7 shooting had occurred and that certain people had carried it out.

"I aided those persons by driving away from a secondary location with the intent to prevent their apprehension," he said in court documents.

The shooting was allegedly carried out by 10 teenagers aged 14 to 18, riding in three vehicles and using at least six guns from which they fired more than 42 bullets toward several youth standing near East High School,

Des Moines police have said. Lopez died from gunshot wounds. His sister and one of her female friends were seriously injured.

Court documents filed last week indicated that Manuel

Buezo, 17, and Kevin Martinez, 16, also have agreed to plea deals.

Among the remaining defendants, one is scheduled to go to trial on Oct. 17 and three others on March 6. The re-

maining defendant charged as an adult has a trial date of April 10. Two other defendants aged 14 and 15 at the time of the shooting remain in juvenile court.

Smacked asteroid's debris trail more than 6,000 miles long

(AP) — The asteroid that got smashed by a NASA spacecraft is now being trailed by thousands of miles of debris from the impact.

Astronomers captured the scene millions of miles away with a telescope in Chile. Their remarkable observation two days after last month's planetary defense test was recently released a National Science Foundation lab in Arizona.

The image shows an expanding, comet-like tail more than 6,000 miles (10,000 kilome-

ters) long, consisting of dust and other material spewed from the impact crater.

This plume is accelerating away from the harmless asteroid, in large part, because of pressure on it from solar radiation, said Matthew Knight of the U.S. Naval Research Laboratory, who made the observation along with Lowell Observatory's Teddy Kareta using the Southern Astrophysical Research Telescope.

Scientists expect the tail to get even longer and disperse even more, becoming so ten-

uous at one point that it's undetectable.

"At that point, the material

will be like any other dust floating around the solar system," Knight said in an email Tuesday.

More observations are planned to determine how much and what kind of material was hurled from the 525-foot (160-meter) Dimorphos, a moonlet of a larger asteroid.

Launched nearly a year ago, NASA's DART spacecraft was destroyed in the head-on collision. The \$325 million mission to deflect an asteroid's orbit was intended as a dress rehearsal for the day a killer rock heads our way. Dimorphos and its companion rock never posed a threat to Earth and still do not, according to NASA.

Trump files \$475 million defamation lawsuit against CNN

(AP) — Former President Donald Trump on Monday sued CNN, seeking \$475 million in damages, saying the network had defamed him in an effort to short-circuit any future

political campaign.

The lawsuit, filed in U.S. District Court in Fort Lauderdale, Florida, focuses primarily on the term "The Big Lie" about Trump's false

claims of widespread fraud that he says cost him the 2020 presidential election to Joe Biden.

CNN said it had no comment on the lawsuit.

Trump repeatedly attacked CNN as president, which resonated with his conservative followers. He has similarly filed lawsuits against big tech companies with little success. His case against Twitter for knocking him off its platform following the Jan. 6, 2021, U.S. Capitol insurrection was thrown out by a California judge earlier this year.

Numerous federal and local

election officials in both parties, a long list of courts, top former campaign staffers and even Trump's own attorney general have all said there is no evidence of the election fraud he alleges.

Trump's lawsuit claims "The Big Lie," a phrase with Nazi connotations, has been used in reference to him more than 7,700 times on CNN since January 2021.

"It is intended to aggravate, scare and trigger people," he said.

In a statement Monday, Trump suggested that similar lawsuits would be filed

against other news organizations. And he said he may also bring "appropriate action" against the House committee investigating the Jan. 6 attack on the Capitol by his supporters. The lawsuit comes as he is weighing a potential bid for the presidency in 2024.

New CNN chief Chris Licht privately urged his news personnel in a meeting more than three months ago to refrain from using the phrase because it is too close to Democratic efforts to brand the former president, according to several published reports.

Finnish city removes last publicly displayed statue of Lenin

(AP) — A city in south-eastern Finland on Tuesday removed the country's last publicly displayed statue of Russian revolutionary leader Vladimir Lenin following pressure from residents in the wake of Russia's war in Ukraine.

A group of construction workers in Kotka, a port city of 52,000 not far from the border with Russia, hoisted the statue into a truck and drove it away to a warehouse of a local museum.

City museum director Kirsi Niku told Finnish public broadcaster YLE that the bronze bust was designed and constructed by Estonian sculptor Matti Varik in the late 1970s on orders from

Moscow.

It was presented to Kotka in 1979 as a gift from friendship city Tallinn, then the capital of the Estonian Soviet republic and now the capital of the Baltic nation of Estonia.

Presenting such statues was a common practice by Moscow, particularly in the 1970s and 1980s, to underline the Finnish-Soviet friendship in the post-WWII era.

The Lenin statue is located in a central Kotka park adjacent to a wooden house where the Bolshevik party founder who became the Soviet Union's first premier is said to have stayed.

The statue was vandalized

over the years but remained in the park until Kotka's city council decided to have it removed. Other European countries have moved to get rid of their remaining Soviet-era monuments since Russia invaded Ukraine more than seven months ago.

Finland and Russia share a 1,340-kilometer (830-mile) land border and a complicated history.

Finland remained a part of the Russian Empire as an autonomous Grand Duchy for over a hundred years until Dec. 6, 1917, when it declared independence in the wake of the Russian Revolution led by Lenin.

Lenin and the Bolshevik

leadership recognized the Nordic's country independence on the last day of 1917. Ahead of the Russian Revolution, Lenin was exiled to Finland on several occasions, living in various cities and towns across the southern part of the country.

The southern Finnish industrial and university city of Tampere hosts a Lenin museum. Future Soviet dictator Josef Stalin and Lenin met for the first time in Tampere in 1905 during a meeting of Bolshevik leaders in the city.

North Korea sends missile soaring over Japan in escalation

(AP) — North Korea on Tuesday conducted its longest-ever weapons test, a nuclear-capable ballistic missile that flew over Ja-

pan and could reach the U.S. Pacific territory of Guam and beyond, forcing the Japanese government to issue evacuation alerts and halt trains.

The South Korean and U.S. militaries responded by launching fighter jets which fired weapons at a target off South Korea's west coast in a show of strength against North Korea.

The North Korean missile launch was its most provocative weapons demonstration this year, as it pushes to develop a fully-fledged nuclear arsenal capable of threatening the U.S. mainland and its allies with the goal of wresting concessions from those countries, some experts say.

North Korea has test-fired about 40 missiles over about 20 different launch events this year as its leader, Kim Jong Un, refuses to return to nuclear diplomacy with the United States.

The United States strongly condemned North Korea's "dangerous and reckless decision" to launch what it described as a "long-range ballistic missile" over Japan.

The launch is the fifth round of weapons tests by North Korea in the past 10 days. The testing spree is an apparent response to two sets of military drills -- one between

Washington and Seoul and the other involving Washington, Seoul and Tokyo -- off the Korean Peninsula's east coast last week.

North Korea regards such drills involving the United States as an invasion rehearsal. It was expected to react strongly this time because both exercises involved a U.S. aircraft carrier, which North Korea views as more provocative.

Japanese authorities alerted residents in its northeastern regions to evacuate to shelters, in the first "J-alert" since 2017 when North Korea fired an intermediate-range Hwasong-12 missile twice over Japan in a span of weeks during a previous run of weapons tests.

Trains were suspended in the Hokkaido and Aomori regions until the government issued a notice that the North Korean missile appeared to have landed in the Pacific. In Sapporo city, the prefectural capital of Japan's northernmost main island of Hokkaido, subways were also temporarily halted, with stations packed with morning commuters.

Japanese Prime Minister Fumio Kishida told reporters the launch "is a reckless act and I strongly condemn it."

South Korean President Yoon Suk Yeol said North Korea's "reckless nuclear provocations" would meet a stern response from the South and the broader interna-

tional community. His military separately warned that North Korea's repeated missile launches would deepen its international isolation and prompt Seoul and Washington to bolster their deterrence capacities.

The missile's flight distance shows it has enough range to hit Guam, home to U.S. military bases that have sent advanced warplanes to the Korean Peninsula in shows of force during past periods of tension with North Korea. In 2017, North Korea threatened to make "an enveloping fire" near Guam with Hwasong-12 missiles amid rising animosities with the then-Trump administration.

Britain's Wallace calls Ukraine war a 'wakeup call' for NATO

(AP) — Britain's defense secretary said Tuesday that Russia's war on Ukraine has been a "wake-up call" for NATO members, making them realize that their militaries need to be better and invest more in defense.

British Defense Secretary Ben Wallace said many nations in Europe had become complacent after the collapse of the Soviet Union, and that Russian President Vladimir Putin has become "in a sense, a gift to NATO."

He spoke during a panel discussion at the Warsaw Security Forum, a two-day gathering of trans-Atlantic leaders, security and defense experts. Conference attendees included Ukraine's first lady, Olena Zelenska, who thanked Poland and other allies for their support of her country.

Wallace described Putin as a "pantomime villain" who "reminded us that there really is somebody out there who really, really wants to not only challenge us, but wants to inflict violence."

He said there is agreement among his colleagues that they have not invested enough in their militaries.

"On the surface our militaries can boast numbers," he said at the forum. "But below that bonnet, we have not enough infrastructure, not enough spare parts, not enough personnel, not enough modern weaponry, not enough weapon stocks. That's all coming home to roost, and we're going to have to deal with that. And that is going to cost money."

The British government has said that it plans to increase its military spending in the next years to 3% of GDP.

Germany's Foreign Minister Annalena Baerbock was asked about the criticism Germany has faced in Central and Eastern Europe, where many feel Berlin made itself too dependent on Russian gas in the past and did not move forcefully enough

to send weapons to Ukraine.

She said: "I can totally understand that there are so many questions especially in the Eastern countries: 'so do you mean it this time?'"

"And I can only say: please trust us, yes, we mean it.

This time we will defend every corner of our NATO territory. We will support Ukraine as long as they need us but we will do it with our international partners," Baerbock said.

UK still backs Rwanda deportations despite legal challenge

(AP) — Britain's immigration minister said Tuesday that people who arrive by unauthorized means should not be allowed to claim asylum in the U.K. and she vowed to press on with a contentious plan to send some asylum-seekers on a one-way trip to Rwanda.

Home Secretary Suella Braverman acknowledged that a legal challenge to the policy means it's unlikely anyone will be deported to the east African country this year.

Under a deal signed in April, Britain plans to send some migrants who arrive in the U.K. as stowaways or in small boats to Rwanda, where their asylum claims would be processed. Those granted asylum would stay in the African country rather than returning to the U.K.

The British government has said the policy will deter people-trafficking gangs who ferry migrants across the English Channel. Human rights groups say it is unworkable and inhumane to send people thousands of miles away to a country they don't want to live in.

Braverman was appointed last

month by new Prime Minister Liz Truss. Speaking at the ruling Conservative Party's annual conference Tuesday, she said she would make the Rwanda policy work and was seeking to strike similar agreements with other countries.

She said she also would try to change the law so people who arrive in Britain by means other than established refugee programs can be deported.

"If you deliberately enter the U.K. illegally from

a safe country, you should be swiftly returned to your come country or relocated to Rwanda," Braverman said.

Tim Naor Hilton, chief executive of the group Refugee Action, said such a move would be "a blatant breach of the international refugee laws that the U.K. proudly helped create in the first place."

Clare Mosley, founder of refugee charity Care4Calais, said it was "barbaric, untruthful and unnecessary."

"If this government truly wanted to stop small boat

crossings it would offer safe passage to those who have a viable claim for asylum," she said.

Britain has already paid Rwanda 120 million pounds (\$145 million) but no one has been sent there as part of the deal. The U.K. was forced to cancel the first deportation flight at the last minute in June after the European Court of Human Rights ruled that the plan carried "a real risk of irreversible harm."

Braverman railed against the

ruling. "We cannot allow a foreign court to undermine the sovereignty of our borders," she said, though she has dropped an idea suggested by the previous government of pulling Britain out of the international human rights court.

Several asylum-seekers, aid groups and a border officials' union took legal action against the government in the British courts, with a hearing due later this month.

Thousands of people a year try to cross one of the world's busiest shipping lanes in dinghies and other fragile craft in hope of a new life in the U.K. More than 35,500 people have made the crossing so far this year, up from 28,000 in 2021.

Dozens have died in the attempt in recent years.

The crossings, and how to stop them, are a source of friction between the U.K. and France. Braverman said the U.K. was committed to working with France to stop the smuggling gangs.

She said French authorities were stopping between 40% and 50% of boats trying to leave.

"That's not good enough but it's better than nothing," she said.

(AP) — Vladimir Guerrero Jr. hit his 32nd homer and the Toronto Blue Jays earned the top seed for

Blue Jays earn top wild card, beat Os 5-1 as Guerrero homers

an American League wild card series with a 5-1 rain-shortened victory over the Baltimore Orioles on Monday night.

Play was halted by rain with Toronto batting with two outs in the eighth and called after a wait of 55 minutes.

Toronto clinched the right to host a best-of-three playoff series against Seattle or Tampa Bay starting Friday when the Mariners lost to Detroit later Monday.

"There was one singular focus today when the game did start and that was to win," Blue Jays interim manager John Schneider said. "You really can't say enough how they responded."

Whit Merrifield went 3 for 3 with an RBI for the Blue Jays, who have won four straight.

Before a crowd of just 10,642, José Berríos (12-7) allowed one run and three hits with five strikeouts and three walks over six innings.

"I thought we were going to have a delay but we started on time," Berríos said. "I just went there to compete and get that win for the team and we did it. The mound was wet and it was raining all night."

Tim Mayza earned his second save.

Baltimore's Jorge Mateo stole his American League-leading 35th base, one ahead of teammate Cedric Mullins.

Baltimore already had secured a winning season for the first time since 2016.

Toronto took a 2-0 lead off Dean Kremer in the second on a single by Merrifield that scored Teoscar Hernández and Matt Chapman.

Guerrero boosted the lead to 3-0 with a 422-drive over the left-field wall in the third. He became the fourth player in Blue Jays franchise history to hit at least 32 home runs at age 24 or younger.

The Orioles got the board in the bottom half on a sacrifice fly by Anthony Santander that Hernandez was able to snag with a running, leaping catch at the right-field fence.

A wild pitch by Kremer allowed Merrifield to score in the fifth as the Blue Jays increased the lead to 4-1.

"I can do different things to help and impact the game," Merrifield said. "It's nice that they're coming at big times for us."

Kremer (8-7) allowed four runs and six hits with four strikeouts and one walk over six innings. He ends the season with a 3.23 ERA over 21 starts.

Chapman added an RBI single in the eighth.

"Not easy to play in," Orioles manager Brandon Hyde said. "Kind of a tough night all around. Wet, cold. Dean, it affected him a little bit. His stuff wasn't the same as it is normally."

La Russa steps down as White Sox manager over health issues

(AP) — Tony La Russa stepped down as manager of the Chicago White Sox on Monday because of a pair of health issues, ending a disappointing two-year run in the same spot where the Hall of Famer got his first job as a big league skipper.

La Russa, a three-time World Series champion who turns 78 on Tuesday, missed the final 34 games with the under-achieving White Sox. He left the team on Aug. 30 because of problems with a pacemaker that was implanted in February.

While La Russa was away from the team, he got checked for a different medical issue that was previously diagnosed during an annual exam. That second health problem led to his departure from the team.

"Now however that I'm in the treatment program, it's become obvious that the length of the treatment and recovery process for the second issue makes it impossible

to be the manager in 2023," La Russa said.

Chicago began the season with World Series aspirations but was plagued by injuries and inconsistent play. It improved to 80-80 with a 3-2 victory over Minnesota on Monday night.

Speaking in front of much of the organization, including his players, La Russa shouldered the blame for what happened this year.

"I understand the ultimate responsibility for each minus this season belongs to the manager," he said. "That's accurate, because there's always something else you could do."

"I was hired to provide positive, difference-making leadership and support. Our record this year is proof I did not do my job."

Bench coach Miguel Cairo took over after La Russa stepped away. The White Sox showed a spark right after the change, winning 10 of 14. But they dropped eight

straight in late September, dashing their playoff hopes.

General manager Rick Hahn said Cairo will get an interview for the full-time job, but indicated a preference for someone outside the organization.

"I think we are going to use this opportunity to get different perspectives," Hahn said.

La Russa, who is close friends with White Sox chairman Jerry Reinsdorf, was a surprise hire in October 2020, and he directed the team to the AL Central title last year.

But the White Sox sputtered throughout much of 2022, and there were chants of "Fire Tony! Fire Tony!" at Guaranteed Rate Field.

La Russa continued to be a lightning rod for fans who weren't thrilled with his hiring in the first place. His lineups came under question as did his decisions in games.

Some fans chanted for La Russa's dismissal following a

strange call for an intentional walk to to the Dodgers' Trea Turner despite a 1-2 count on June 9. Bennett Sousa had just bounced an 0-2 slider, allowing the runner to advance from first to second.

But there were big questions about whether La Russa was the right person for the job when the White Sox hired

him to replace Rick Renteria. He hadn't filled out a lineup card since 2011, when St. Louis beat Texas in the World Series. There were doubts about how someone known more for his scowl than smile would mesh with a fun-loving team that had just delivered the White Sox's first playoff appearance since 2008.

Another blow for Yankees bullpen going into postseason

(AP) — Yankees reliever Ron Marinaccio was put on the 15-day injured list Tuesday, another blow to the injury-plagued New York bullpen before the playoffs.

Marinaccio has a stress reaction in his right shin. The rookie right-hander threw only 12 pitches before exiting Sunday because of soreness that he has described as a lingering issue. He will miss the AL Division Series.

Manager Aaron Boone said he is hopeful that Marinaccio will be able to return for the AL Championship Series if the Yankees advance in the postseason.

“Just made that kind of difficult decision right now. He definitely wants to try and pitch through it,” Boone said. “There’s probably a lot that he could pitch through it. It’s kind of a gray area. But we also worry about it turning into a stress fracture” when compensating in other ways.

Before Tuesday’s double-header in Texas, the Yankees reinstated right-handed reliever Albert Abreu after he had been out since Aug. 20 with right elbow inflammation.

Miguel Castro on Monday made his first appearance since July 10 after recovering from a strained shoulder. The right-hander came on after Luis Severino’s seven no-hit innings, and allowed a one-out hit to rookie Josh Jung in the eighth.

Left-hander Wandy Peralta, sidelined since Sept. 18 with back tightness, was expected to face hitters at Somerset, New Jersey, on Tuesday or Wednesday. Boone said reliever Clay Holmes, who had a cortisone injection last week for inflammation in his right rotator cuff, was also throwing there.

Marinaccio is 1-0 with a 2.05 ERA in his 40 appearances, with 56 strikeouts in

44 innings. By not allowing an earned run 34 times, he matched the franchise record with Joba Chamberlain (2007-08) for most such games in the first 40 career games.

“He’s had an outstanding season and he’s a very important part of what’s going on down there,” Boone said. “Hopefully we get him back if we can advance to the next round. This time can be valuable and can get him just a little bit healthier and stronger.”

Boone said he was optimistic about getting Peralta and Holmes back for the ALDS, which starts next Tuesday.

“So feel like we have a lot of really, really good options,” Boone said. “It’s probably not going to be those traditional roles as we go on to October. So we’ll just mix and match with what we feel like is a lot of great options.”

There is also the lingering

question about Aroldis Chapman (3-4, 4.58 ERA), whose postseason roster spot may still be in jeopardy. The seven-time All-Star has walked 28 batters in his 35 1/3 innings, including three in his last appearance Sunday that led to Baltimore going ahead with at two-run seventh.

“That’s one of the challenges, is that kind of hit-or-miss nature that it’s been a little bit for him,” Boone said. “We’re just going to continue to try and, you know, hopefully get him in there today and in one of these games hopefully pitch well and build a little momentum there. ... It’s going to be a tough call.”

Naomi Osaka to publish picture book ‘The Way Champs Play’

(AP) — Naomi Osaka has some life lessons she’d like to share.

The tennis superstar has a deal with HarperCollins Publishers for a children’s picture book, “The Way Champs Play,” scheduled to come out Dec. 6. Illustrated by Kamala Nair, the book was arranged through

Osaka’s new media company, Hana Kuma. The story is based on Osaka’s organization Play Academy, which provides grants and training for community sports organizations.

“The Way Champs Play” is Osaka’s first book.

“The leadership, confidence, teamwork, and resilience I’ve learned on the court have been so valuable to me and that’s why I am so excited about my new book, ‘The Way Champs Play,’” Osaka, 24, said in a statement released Tuesday.

“I’ve learned my greatest lessons on the court, and that’s why I started Play Academy, to ensure girls can stay in organized sports,” the four-time Grand Slam singles champion added. “It’s proven to give them the skills they need to succeed not just in sports but in the classroom, in the boardroom, and within their communities.”

Pujols hits 703rd home run, passes Babe Ruth for 2nd in RBIs

(AP) — Move over, Babe. Prince Albert is the new No. 2 on a big baseball list.

Albert Pujols hit his 703rd home run Monday night, breaking a tie with Babe Ruth for second place in career RBIs.

The 42-year-old slugger connected for the St. Louis Cardinals off Pittsburgh Pirates right-hander Mitch Keller, pulling a two-run shot into the left-field stands to snap a scoreless tie in the sixth inning. It was Pujols’ 35th home run at PNC Park, his most at any visiting ballpark.

The drive pushed Pujols’ total to 2,216 RBIs, surpassing Ruth on the all-time chart. Hank Aaron holds the record with 2,297.

“Passing Babe Ruth is a big deal,” Cardinals manager Oliver Marmol said after his team’s 3-2 loss. “Seeing him hit a home run in that situation was fun to watch. You feel pretty good about where you’re at whenever he

swings, and his home runs have been very meaningful.”

Pujols, who plans to retire after the season, has 24 home runs — his most since hitting 31 for the Los Angeles Angels in 2016. He is one of four players in major league history with 700, joining Barry Bonds (762), Aaron (755) and Ruth (714).

Pujols did not speak with reporters following the game.

The three-time MVP and 11-time All-Star had been hitless in eight career at-bats against Keller.

“It’s an amazing time to be around him and being around this team,” Cardinals starting pitcher Jose Quintana said. “He keeps believing in his abilities. The most impressive thing is he homers, then he’s ready for the next one. He wants to keep going.”
